

ORBIS X RISE WITH SAP

Full service performance with our
ORBIS RISE Offering

The full-service package for cloud success

RISE with SAP is more than just a software suite – it's a comprehensive response to the challenges and fast pace of today's business world. The package combines **cloud tools, infrastructure, and services in a single solution** to ensure a secure and smooth transition to the cloud.

SAP S/4HANA Cloud Private Edition provides you with a custom-fit cloud ERP solution that flexibly adapts to your specific business requirements and significantly increases productivity across all areas of your organization.

A range of essential benefits are waiting for you:

Just one contract

You benefit from just one contract that covers all solutions, services, and infrastructure. The system is supported end-to-end from a single source – from operating system to application layer.

Automation

Map automated business processes with the low-code functions offered by SAP Build.

Process optimization

SAP Signavio gives you the agility you need for a successful transformation with RISE with SAP, enabling you to understand, proactively manage, and optimize your business processes – speed and scalability are guaranteed.

Intelligent technologies

Get access to the SAP Business Technology Platform (SAP BTP) via RISE with SAP and benefit from advanced analytics, AI and machine learning features. These provide you with valuable support in making data-driven decisions and improving operational efficiency.

Security

Sophisticated security and compliance functions with integrated control and monitoring features ensure that your data is secure and that legal requirements are always met!

Premium functions

Opting for the Premium version equips you with more tools to make informed decisions faster and optimize business processes. The package offers new AI functions, an enhanced overview of sustainability data, the latest financial solutions, and additional access to supplier networks.

We bring together expertise – ORBIS x SAP

The ORBIS RISE solution
