

#ExperienceService starter package

Your quick entry to your service project

Service the easy way – Excellent customer service and ticketing with our packaged solution

The ORBIS **#ExperienceService Starter-Paket** makes it quick and lean to enter into a simple and intuitive customer service solution.

Respond to **ticket requests quickly and efficiently** across several channels and offer your customer service agents a tool that effectively supports you, allowing you to focus on **providing a solution**. **Configure** the features you need to make a customer service solution that is right for you – you decide!

- ♦ Lean entry into the SAP CX world
- ♦ Quick go-live of anticipated processes
- ♦ Set calculable project budget and planning dependability
- ♦ Clearly delineated project duration of 8 to 12 weeks (base package)

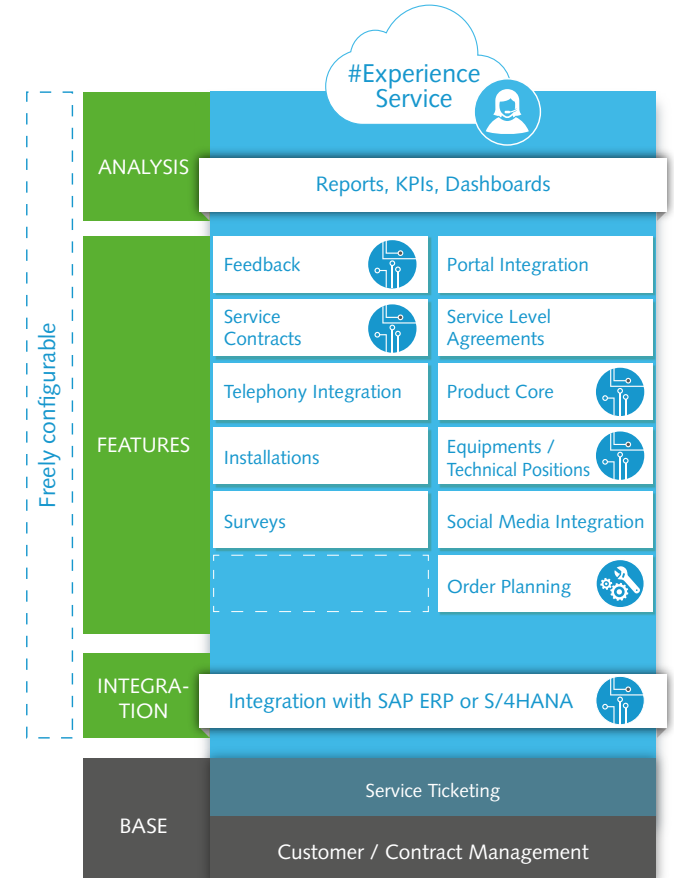

And that's not all:

To utilise the full power of SAP CX, we rely on the different starter packages that can be combined with each other, which you can compile into a complete package tailored to you.
